4A: Critical Lands Conservation Initiative IV Acquisition Activities - Phase 4

Henjum Lake WPA 12 - Border Prairie - Alexandria Moraine - Big Woods N. This addition to the Henjum Lake WPA provides access to significant lakeshore on Henjum lake, including two points for waterfowl hunting. It will also provide for the USFWS to conduct management to the existing and new parcel within the WPA.

Sangl WMA 9 - Des Moines River Valley This builds upon the 260-acre Sangl WMA and is part of the original Sangle WMA project proposal. At the time of acquisition, this parcel consisted of 14-acres CRP, 5-acres trees, 30-acres wetlands, and 30-acres of cropland. This parcel is in a developing 4-9 square mile wetland complex and is located in the heart of the Little Sioux Working Lands Initiative focus area. Wetland and grassland restoration will take place in concert with DNR wildlife managers to restore the habitat.

| Spring Creek WMA | 12 - Border Prairie - Alexandria Moraine - Big Woods N. | This addition to the 757-acre Spring Creek WMA lies adjacent to US HWY 59 and provides a much needed buffer to high quality, rare fen habitats that exist on the Spring Creek WMA. According to Jeannette Leete, MNDNR - Waters, "The calcareous fens that remain within and near the Spring Creek WMA are, in my opinion, and in the opinion of other wetland scientists, among the best examples of short sedge calcareous fens in the world." Additionally, 40-acres of native remnant mesic & wet prairie are also protected along with 75 acres of wetland and 83-acres of marginal cropland sites to be restored. | | | | | | | | | |

| Bennewitz Pond AMA | 3 - Border Prairie | This parcel is a donation from the Vikings Sportsmens Club in Douglas County. They acquired this property to provide permanent access to the DNR for the purposes of rearing walleye for stocking in area lakes. The property includes 27.5 acres with 1.13 miles of shoreline on Bennewitz Pond in Douglas County. The project provides permanent state access to rear walleye, public access to fish during years when walleye survive the winter, and permanently protects the natural integrity of the shoreline habitat. | | | | | | | | | | |

| | | | | | | | | | | | |
|----------------|------------------------|--|-------------|--------------|-----------------------------|-------|-------|-------|-----|-----|-----|
| Sheepberry Fen | 7 - Alexandria Moraine | The Nature Conservancy purchased 280 acres of high quality native prairie and wetland habitat in Pope County for \$594,666, using its LCCMR Phase III and Phase IV land acquisition funding and privately-raised funds for the balance. The Conservancy will retain ownership and manage this property as an addition to its Sheepberry Fen Preserve. On January 18, 2008 TNC submitted a workprogram ammendment which was approved by the LCCMR. That ammendment gave TNC discretion to use the \$100,000 allocated to conservation easements in Result 2 for conservation easements and/or fee title acquisition. \$50,000 of those funds were used for the Sheepberry Fen acquisition. | | | | | | | | | |

4H: MN Valley Refuge Expansion Acquisition Activities - Phase 4

| Project Name Tract | Project Area | Description | Funding Type | Funding Amount | Funds Use | Acres | Grassland Acres | Wetland Acres | Woodland Acres | Shoreline (feet) | Riparian (feet) |
|----------------------------|---------------------|--|--------------|----------------|-----------|-------|--------------------|------------------|-------------------|---------------------|--------------------|
| Perch Lake WPA | 10 - Southern Lakes | <p>The Minnesota Valley National Wildlife Refuge Trust, Inc. acquired 77.94 acres of significant habitat in Beauford Township of Blue Earth County (HCP Project Area 10) on August 2, 2007. Of the 77.94 acres, 23.41 acres were purchased with Environment and Natural Resources Trust grant funds and the balance of 54.53 acres were purchased with Minnesota Valley Trust funds.</p> <p>This tract sits just east of the existing Cobb Waterfowl Production Area (WPA) and adjacent to Perch Lake, an important migratory waterfowl resting lake. This 480 acre lake hosts more than 10,000 migrating waterfowl each year and is designated as an important resting area for Lesser Scaup. It is designated by the DNR for wildlife management, one of only 40 such lakes in Minnesota with that designation.</p> <p>The MN Valley Trust will acquire another 72.37 acres from the same landowner in the near future. That land is immediately east of this parcel and has approximately 2,000 feet of shoreline on the south end of Perch Lake.</p> <p>Once the additional land is acquired, the MN Valley Trust will conduct restoration activities, working cooperatively with other partners. Restoration plans include tile breaks, earthen berms, and pump abandonment to restore approximately six wetlands totaling 20 acres. Another 130 acres will be seeded to native grass and will provide nesting habitat for a host of grassland species.</p> <p>This acquisition and restoration will provide a critical link from Perch Lake to the Cobb River WPA complex located just west of this tract.</p> | | | | | | | | | |
